

# ABDERRAHMANE TIAMANI

[tiamani3939@gmail.com](mailto:tiamani3939@gmail.com) | [eportfolio.com](https://eportfolio.com) | [LinkedIn](#) | [GitHub](#)

Highly motivated Web Developer with a passion for software engineering and a commitment to delivering exceptional results. Continuously expanding technical skills and staying updated with industry trends. Detail-oriented problem solver dedicated to delivering high-quality solutions that exceed user expectations.

## EDUCATION

---

<b>Bachelor's degree in Computer Science</b>	<b>Mar 2023</b>
<ul style="list-style-type: none"><li>University of the People, California</li></ul>	
<b>Frontend Developer Bootcamp</b>	<b>Apr 2023</b>
<ul style="list-style-type: none"><li>Frontend Simplified</li></ul>	
<b>The Complete Node.js Developer Course (3rd Edition)</b>	<b>May 2023</b>
<ul style="list-style-type: none"><li>Udemy</li></ul>	

## PROJECTS

---

### Fake-shop | [Website](#) | [GitHub](#)

- Developed a high-performance e-commerce website using React, integrating seamlessly with the "Fakestoreapi" through Axios.
- Optimized loading times through efficient code implementation and image compression techniques, resulting in a 40% decrease in page load time and an improved overall website performance.

### Movie heaven | [Website](#) | [GitHub](#)

- Developed a highly interactive and visually appealing movie application using Next.js, Redux, Firebase, and TMDB API, resulting in a seamless user experience.
- Implemented advanced pagination functionality for effortless navigation through extensive movie collections, reducing search time by 50%.

### Review My Project | [Website](#) | [GitHub](#)

- Utilized MongoDB, Express.js, React, and Node.js to create an interactive platform for peer feedback on Projects, resulting in a 25% increase in user engagement and active participation.
- Optimized website functionality through continuous testing debugging and implementing cash, resulting in a 30% decrease in loading times and improved overall user experience.

## EXPERIENCE

---

<b>Frontend Developer Internship   <a href="#">Certificate</a>   <a href="#">Website</a>   <a href="#">GitHub</a></b>	<b>Apr 2023</b>
Frontend Simplified	
<ul style="list-style-type: none"><li>Revamped website design by incorporating dynamic animations, transitions, and carousels to enhance user experience.</li><li>Efficiently processed API requests using Axios to dynamically present data from the cloud server, leading to an overall reduction of page loading time.</li><li>Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment.</li></ul>	

<b>The Complete Node.js Developer Course (3rd Edition)   <a href="#">Certificate</a></b>	<b>May 2023</b>
Udemy	
<ul style="list-style-type: none"><li>Developed several Node.js applications, using cutting-edge ES6/ES7 JavaScript to build APIs with Express and Mongoose/MongoDB.</li><li>Implemented JWT authentication for secure user access in a real-time web application built with Socket.IO.</li><li>Developed REST API's and conducted code testing/debugging using Jest, ensuring the production of high-quality software products.</li></ul>	

## TECHNICAL SKILLS

---

- Frontend:** HTML5 - CSS3 - JavaScript – React - Next.js - Tailwind CSS.
- Backend:** Node.js – MongoDB – Express – Mongoose.
- Testing and APIs:** Postman - REST API – Jest.
- Development Tools and Version Control:** NPM – Git – Yarn.
