ABDERRAHMANE TIAMANI

tiamani3939@gmail.com | eportfolio.com | LinkedIn | GitHub

Highly motivated individual passionate about software engineering, continuously expanding technical skills, and seeking a rewarding career. Committed to delivering exceptional results, adapting to challenges, and staying updated with industry trends. Detail-oriented, problem solver, and dedicated to delivering high-quality solutions that exceed user expectations.

EDUCATION

Bachelor's degree in Computer Science   **Mar 2023**
- University of the People, California

Frontend Developer Bootcamp   **Apr 2023**
- Frontend Simplified

The Complete Node.js Developer Course (3rd Edition)   **May 2023**
- Udemy

PROJECTS

Fake-shop | Website | GitHub
- Developed a high-performance e-commerce website using React, integrating seamlessly with the "Fakestoreapi" through Axios to bring dynamic and up-to-date product data to users.
- Implemented responsive design principles and optimized loading times for all pages, resulting in a faster browsing experience and increased customer satisfaction.

Movie heaven | Website | GitHub
- Developed a dynamic and visually stunning movie application using Next.js, Redux, Firebase, and TMDB API that provides seamless browsing experience for all users.
- Implemented advanced pagination functionality to allow easy navigation through the extensive movie collections.

Twitter Clone | Website | GitHub
- Created a social media application inspired by Twitter, built with Next.js, Redux, and Firebase. Empowering users with the ability to post tweets, engage in lively discussions through comments, and seamlessly log in to the platform.

Chat App | Website | GitHub
- Engineered a cutting-edge chat application in MERN stack, utilizing Node.js and Socket.io to deliver instantaneous messaging capabilities for users across multiple chat rooms, resulting in improved user engagement and satisfaction.

Car Catalogue | Website | GitHub
- Developed and implemented a modern web application utilizing Next.js 13, TypeScript, and Tailwind CSS, providing advanced search functionality with filtering capabilities, resulting in a user-friendly experience and increased customer engagement.

EXPERIENCE / CERTIFICATES

Frontend Developer Internship | Certificate | Website | GitHub   **Apr 2023**
  Frontend Simplified
- Revamped website design by incorporating dynamic animations, transitions, and carousels to enhance user experience.
- Efficiently processed API requests using Axios to dynamically present data from the cloud server, leading to an overall reduction of page loading time.
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment.

The Complete Node.js Developer Course (3rd Edition) | Certificate   **May 2023**
  Udemy
- Developed several Node.js applications, using cutting-edge ES6/ES7 JavaScript to build APIs with Express and Mongoose/MongoDB.
- Implemented JWT authentication for secure user access in a real-time web application built with Socket.IO.
- Developed REST API's and conducted code testing/debugging using Jest, ensuring the production of high-quality software products.

TECHNICALL SKILLS

• Frontend	• Backend	• Testing and APIs	• Dev Tools And VC
✓ HTML5	✓ Node.js	✓ Postman	✓ NPM
✓ CSS3	✓ MongoDB	✓ REST API	✓ Git
✓ JavaScript	✓ Express	✓ Jest	✓ Yarn
✓ React/ Next.js	✓ Mongoose
