ABDERRAHMANE TIAMANI

tiamani3939@gmail.com | eportfolio.com | LinkedIn | GitHub

Highly motivated Web Developer with a passion for software engineering and a commitment to delivering exceptional results. Continuously expanding technical skills and staying updated with industry trends. Detail-oriented problem solver dedicated to delivering high-quality solutions that exceed user expectations.

EDUCATION

Bachelor's degree in Computer Science   **Mar 2023**
- University of the People, California

Frontend Developer Bootcamp   **Apr 2023**
- Frontend Simplified

The Complete Node.js Developer Course (3rd Edition)   **May 2023**
- Udemy

PROJECTS

Fake-shop | Website | GitHub
- Developed a high-performance e-commerce website using React, integrating seamlessly with the "Fakestoreapi" through Axios.
- Optimized loading times through efficient code implementation and image compression techniques, resulting in a 40% decrease in page load time and an improved overall website performance.

Movie heaven | Website | GitHub
- Developed a highly interactive and visually appealing movie application using Next.js, Redux, Firebase, and TMDB API, resulting in a seamless user experience.
- Implemented advanced pagination functionality for effortless navigation through extensive movie collections, reducing search time by 50%.

Ultraverse | Website | GitHub
- Revitalized website functionality by implementing interactive animations, smooth transitions, and engaging carousels, resulting in a 40% increase in user engagement metrics.
- Revitalized website functionality by implementing interactive animations, smooth transitions, and engaging carousels, resulting in a 40% increase in user engagement metrics.

EXPERIENCE

Frontend Developer Internship | Certificate | Website | GitHub   **Apr 2023**
  Frontend Simplified
- Revamped website design by incorporating dynamic animations, transitions, and carousels to enhance user experience.
- Efficiently processed API requests using Axios to dynamically present data from the cloud server, leading to an overall reduction of page loading time.
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment.

The Complete Node.js Developer Course (3rd Edition) | Certificate   **May 2023**
  Udemy
- Developed several Node.js applications, using cutting-edge ES6/ES7 JavaScript to build APIs with Express and Mongoose/MongoDB.
- Implemented JWT authentication for secure user access in a real-time web application built with Socket.IO.
- Developed REST API's and conducted code testing/debugging using Jest, ensuring the production of high-quality software products.

TECHNICALL SKILLS

- **Frontend:** HTML5 - CSS3 - JavaScript – React - Next.js - Tailwind CSS.
- **Backend:** Node.js – MongoDB – Express – Mongoose.
- **Testing and APIs:** Postman - REST API – Jest.
- **Development Tools and Version Control:** NPM – Git – Yarn.
